College News.....

Notes from Mrs. Choplin: Take some time to go over the CFNC.org and CollegeBoard.com websites for end-of-the year tips about financial aid, scholarships, college tips (from *still applying to planning your move*). Remember that I will need a Transcript Request Form before you go on your senior trip, which will give me the name and address of the school you have decided to attend. After May 29, I will send your final transcript, which will include your senior year, to that

school. Finish strong!
▶ I only have a couple of seniors' pix for the graduation slideshow, so be gathering those together. I do have a scanner now, if you don't have them in digital format. I will allow you to use my scanner to scan your pictures, if necessary. I'd rather not be responsible for those irreplaceable memories.
